INNOVATE P2X

- Only eligible organisations will be considered for applications to Innovate P2X Scheme. Eligibility requirements are specified in Innovate P2X Scheme Guidelines.
- Applications must be submitted using this template with all requirement attachments.
- Applications close 13th of May 2025, 9am AEST. Late applications will not be accepted.
- Applications must be submitted by email to pfhn@decarbhub.au with the subject line 'Innovate P2X Round 1 Application'. You will receive a reply email confirming your submission has been received.
- Written responses must keep to the prescribed word limits, if responses exceed the limits your application may be deemed ineligible and not assessed for potential funding.
- Only include attachments under the Required Attachments, other attachments will be disregarded.

If you have any questions or further enquiries, please contact pfhn@decarbhub.au.

Project title	
Lead applicant	
Lead applicant organisation	
Business name	
ABN/ACN	
Business address	
Website	
Primary contact for Lead Org <i>(An office holder who is authorised to speak on behalf of the lead applicant organisation and collaboration)</i>	
Please choose the most accurate annual turnover/operating expenditure for your business	<input type="checkbox"/> Less than AUD \$10M <input type="checkbox"/> Over AUD \$100M <input type="checkbox"/> Less than AUD \$100M
Has your business previously participated in a research collaboration?	<input type="checkbox"/> Yes <input type="checkbox"/> No

Industry Partner Organisation(s) (if applicable):

Business name

Research Team

Lead Investigator (SME):

Title		First Name		Last Name	
Organisation		Email		Phone	
FTE <i>(Full Time Equivalent fraction dedicated to project)</i>					

PFHN Partner Investigator:

Title		First Name		Last Name	
Organisation		Email		Phone	
FTE <i>(Full Time Equivalent fraction dedicated to project)</i>					

Other named investigators:

Name	Organisation	E-mail	FTE

Field of Research:

- Aviation Decarbonisation (Sustainable Aviation Fuels (SAF))
- Maritime Decarbonisation
- P2X Circular Economy (waste-to-hydrogen)
- P2X Manufacturing
- Other (if selected, please provide an explanation/broad category below):

Executive Summary of Proposed Project

Please provide an Executive Summary of your project (max 200 words):

If your project is successful, this will be displayed against your project on the NSW Decarbonisation Innovation Hub’s website.

- Consent to make this summary publicly available on the NSW Decarbonisation Innovation Hub website if successful

Technology Readiness Assessment

Current TRL of your Technology	
Estimated TRL at project completion	
Intellectual Property (IP)	Will there be background IP involved in this project? <input type="checkbox"/> Yes <input type="checkbox"/> No If YES, who owns the IP of the technology used in this project? <input type="checkbox"/> Project Lead <input type="checkbox"/> Other (Please provide details: _____)
	Will new IP be generated as a result of this project? <input type="checkbox"/> Yes <input type="checkbox"/> No

Project Details

Please outline the proposed project activities to be covered by this award (max 300 words):

Please detail the technical and commercial issues to be addressed in accelerating the commercialisation process with your proposed technology (max 300 words):

Project Plan and Milestones

Please outline the proposed project activities to be covered by this award:

Project Plan	Year			
Activities	Q1	Q2	Q3	Q4

Milestones	Performance Indicators	Timeline

Budget Overview

Please see eligible costs in Innovate P2X Scheme Guidelines. All costs must be listed exclusive of GST.

Total Innovate P2X Request	
Total matched funds from lead organisation(s)	

Description	Total Budget (ex. GST)
Research Personnel:	
Equipment and Supplies:	
Project-Related Expenses (Travel etc.):	
Grand total:
